

Alex MacDuff

Senior Product Designer

alexmacduff.com | alex@alexmacduff.com | (512) 417-9827 | [LinkedIn Profile](#)

Senior Product Designer (9 yrs exp.) delivering measurable business impact by leading end-to-end design for complex digital experiences. Driven 63% conversion increases and \$2.55M annual revenue, specializing in UX, UI, and Generative AI. Expert in transforming insights into intuitive solutions across mobile, web, and SaaS platforms.

LEVERAGING AI IN DESIGN

I use Generative AI tools to accelerate and augment my design workflow, offloading manual tasks to focus on strategic problem-solving. This includes ChatGPT/Gemini for research and brainstorming; Miro AI for user flow mapping; Figma AI and Uizard for rapid wireframing and layout iteration; and Adobe Generative Fill for image manipulation. This approach ensures greater efficiency and faster iteration, and enables me to focus on the creative and user-centric aspects of design.

EXPERIENCE

UX Interaction Designer | Ameritas

SEPTEMBER 2022 - JULY 2025

- Drove 63% increase in hot lead conversions by leading end-to-end design for the company's central website, streamlining complex user workflows and optimizing the overall User Experience (UX).
- Boosted user engagement and adoption by designing inclusive, user-centric solutions informed by user research into diverse user needs, leading to increased utilization across key user segments.
- Elevated user satisfaction by 38% through targeted site enhancements, directly impacting the system usability score (SUS) based on continuous user feedback integration.
- Pioneered strategic exploration of Generative AI applications, developing a clear roadmap that will accelerate design processes and enhance future user experiences, positioning the organization for significant competitive advantage.

Sr. Product Designer | AmerisourceBergen

MAY 2022 - SEPTEMBER 2022

- Transformed customer self-service, achieving a 12% improvement in user awareness and engagement with online services through the design of an intuitive customer-facing portal experience and optimized workflows.
- Directed comprehensive user research, including heuristic evaluations, surveys, and user interviews, to uncover critical user pain points and inform strategic design recommendations for internal technology request processes.

UX Strategist | Slide UX

AUGUST 2020 - MARCH 2022

- Successfully deployed a remote oral exam experience for the American Board of Radiology, simplifying complex user flows for a critical online service and ensuring seamless delivery for over 7,000 users.
- Accelerated project velocity by 15% by effectively guiding stakeholders through the entire UX design process (from user research and ideation to developer handoff), leading to tighter alignment and reduced rework cycles.

UX Interaction Designer | Deverus

JULY 2018 - MARCH 2020

- Secured a strategic working partnership with Equifax by designing and delivering a compelling prototype for a new product, directly contributing to new business development.
- Streamlined design and development efforts across multiple products by contributing to a comprehensive design system for a complex web application, ensuring consistency and scalability.
- Fueled data-driven product decisions by leading user interviews, surveys, and usability testing, uncovering critical insights that directly informed roadmap prioritization for new features.

Web Designer | A Place For Mom

APRIL 2017 - JUNE 2018

- Generated \$2.55MM/year in revenue through Conversion Rate Optimization (CRO) wins, directly optimizing online user journeys for the nation's largest senior living referral service.
- Boosted site profitability by 15% through strategic ideation, design, and A/B testing across SEM, SEO, and Branding initiatives.

SKILLS

- **Product & UX Design:** End-to-End Product & UX/UI Design, User-Centered Design, Interaction & Visual Design, Prototyping, Usability Testing, A/B Testing, Accessibility Standards (WCAG), Design Systems (Creation & Maintenance), Conversion Rate Optimization (CRO)
- **Research & Data:** User Research & Qualitative Analysis, Data-Driven Design
- **Leadership & Collaboration:** Cross-Functional Collaboration, Stakeholder Management, Product Strategy, Agile Methodologies, Mentorship, Dev Handoff, Understanding of Front-End Development
- **Tools & Technologies:** Figma (Components & Design Systems), Adobe Creative Cloud, Miro, Generative AI Tools

EDUCATION

IDEO U - *Insights for Innovation Certificate*, 2019

The Iron Yard - *UI Design Certificate*, 2015
