RECENT PROFESSIONAL EXPERIENCE

UX Interaction Designer | Ameritas

September 2022 - July 2025

Ameritas is a national financial services company with over 2,000 employees that offers life insurance, annuities, and investment products across the United States.

- Reported to UX Manager, leading design efforts for a cross-functional product team of 10 with a primary goal of increasing online lead conversions
- Redesigned the company's central website and streamlined complex user workflows, which resulted in an optimized user experience (UX) and drove a 63% increase in hot lead conversions
- Elevated user satisfaction by implementing targeted site enhancements, which resulted in a higher system usability score (SUS) of 38% in just 6 months
- Pioneered the strategic exploration of Generative AI applications, positioning the organization to reinvent workflows and deliver with greater speed and craft

Sr. Product Designer | AmerisourceBergen

May 2022 - September 2022

AmerisourceBergen is a Fortune 10 global healthcare company with billions in annual revenue, providing pharmaceutical distribution and consulting services to healthcare providers worldwide.

- Reported to Product Design Manager, owning the redesign of an internal customer-facing portal to improve self-service and reduce support requests
- Transformed customer self-service by designing an intuitive customer-facing portal and optimizing workflows, which resulted in a 12% improvement in user engagement
- Uncovered critical user pain points by directing comprehensive user research, which resulted in strategic design recommendations for an internal technology request process

UX Strategist | Slide UX

August 2020 - March 2022

Slide UX is a leading UX/UI design consultancy with an 8-figure annual revenue, partnering with clients across various industries to create seamless digital products and experiences.

- Reported to Design Manager, leading a team of 3 designers, partnered with stakeholders to lead the UX design process for clients with projects ranging from \$50k to \$250k
- Successfully deployed a remote oral exam experience by simplifying complex user flows for a critical online service used by more than 7,000 users
- Guided stakeholders through the entire UX design process, which resulted in tighter alignment and reduced rework cycles, accelerating project velocity by 15%

UX Interaction Designer | Deverus

July 2018 - March 2020

Deverus is a B2B SaaS company that provides background screening and drug testing solutions to enterprise-level clients across the U.S. and internationally.

- Lead designer, collaborated with a product manager and 10 engineers to drive product decisions and create a scalable design system for multiple web applications
- Secured a strategic partnership with Equifax by designing and delivering a compelling product prototype, which resulted in new business development
- Fueled data-driven product decisions by leading user interviews and usability testing, which resulted in uncovering critical insights that informed roadmap prioritization

Web Designer | A Place For Mom

April 2017 - June 2018

A Place For Mom is the nation's largest senior living referral service with over \$200M in annual revenue.

- Reported to CRO Manager, individual contributor on a team of 4, designed and executed A/B tests to optimize online user journeys to drive new leads and business growth
- Generated \$2.55M/year in revenue by optimizing online user journeys through Conversion Rate Optimization (CRO) wins
- Boosted site profitability by executing strategic ideation, design, and A/B testing across key marketing initiatives, which resulted in a 15% increase in profitability
